December 2001 Volume 4, Number 12

December Meeting

Due to the top-a-thon, the Central Illinois Woodturners did not have a meeting in December.

Top-a-thon

On December 8, eight CIW members met at the Woodcraft store in Peoria. We had six lathes running from 10 until 3 producing tops or Christmas ornaments.

The Woodcraft store seemed to have a steady flow of customers throughout the day. Several took time to watch and talk to the turners.

Thanks to all who contributed by making and selling tops and thanks to the following CIW members for taking time to participate in this event: Bob Adam, Dave Bloom, Dick Coers, Dave Harmer, Dave Kraft, Harold Levin, Bill Smith, and Dave Carroll.

We also thank the folks at Woodcraft for the use of their store, lathes and equipment.

January meeting

The next meeting will be held at the Woodworker's Shop in Bloomington on January 14, 2002. Keith Adams plans to demonstrate hollow turning.

Top-a-thon pictures

Thanks to Dave Harmer for providing the photos below of CIW member during the Top-a-thon at the Woodcraft store.
