

CENTRAL IL WOODTURNERS

October meeting will be at the Woodcraft store in Peoria October 10, at 6:30. Greg Ferkol will demonstrate the use of the skew chisel. Bring your own skew, and get help on handling what many find the most difficult tool for the lathe.

Next Presidents Challenge

The next challenge will be in Bloomington at the Nov.14th meeting. The challenge is to turn at least two, but not more than 10 spinning tops. The tops must be small enough to pass through a 2 inch hole. Most any design is O.K., but it must be all wood with no metal points [C A reinforcement is OK] There will be a challenge to see who's top spins the longest ,and which one can stay on a square [and level] board that will be provided. The three longest spins will win a nice prize.

The September meeting was held at the woodworkers shop in Bloomington.

David Lee demonstrated his Woodteck bowl saver .He said it was similar to the one Oneway sells, but at about 40% less. He is very satisfied with the wood and time saved. Some asked about the horsepower required. It did seem to take quite a bit.

Terry called the meeting to order at 6:30. Discussion was held on the pen turn-a-thon in Peoria .It was not as well attended as hoped .Holding it again looks "iffy"

The shop at the Youth Farm was discussed and questions answered.

There was a question on where to obtain club shirts. Discussion was

held, and Bob Adam will look up where they came from. If there is enough interest, more will be ordered,.

Bob Adam tendered his resignation as secretary. Dave Kraft was appointed to fill out the year.
